

# AIDS Is Everyday / August

September 30, 2022

---

AIDS is an everyday experience. The dates on this calendar all relate to the AIDS crisis. Some are globally known; others are drawn from personal experiences.

This online calendar is produced in partnership with [Visual AIDS](#) and is an extension of the exhibition “[EVERYDAY](#),” which was curated by Jean Carlomusto, Alexandra Juhasz and Hugh Ryan in 2016. The exhibition and accompanying print calendar explored the AIDS crisis—historically and currently—through the lens of art and ephemera that examines and evidences daily experiences and practices in response to HIV/AIDS. Artists featured in the “EVERYDAY” exhibition were invited to submit as many dates to the calendar as they desired.

We invite you to reflect upon these dates, and this artwork, in dialogue with one another. We also encourage you to submit dates of your own by clicking [here](#). Submissions may include the date of your diagnosis, the date of the loss of a loved one to AIDS-related illness or a significant milestone in your life with HIV/AIDS.

New submissions will be continually added to the calendar because AIDS is not over.

AUGUST 1

Istock

U.S. health officials declare the nation's blood supply is free of the virus that causes AIDS thanks to a new test that screens out contaminated blood. (1985)

LAST SUNDAY IN AUGUST

National Faith HIV/AIDS Awareness Day

---

About the Artwork

darkroom danny, Appointments, 2015, Digital photograph

Appointments—a self portrait. As the virus silently replicated in my body I came to hear and know its presence through the numbers the doctors reeled off at my hospital appointments. Like a cartographer's lines chart the land, my scribbles mapped the virus's course.

—darkroom danny

Founded in 1988, [Visual AIDS](#) is the only contemporary arts organization fully committed to raising AIDS awareness and creating dialogue around HIV issues today, by producing and presenting visual art projects, exhibitions, public forums and publications—while assisting artists living with HIV/AIDS. Visual AIDS is committed to preserving and honoring the work of artists with HIV/AIDS and the artistic contributions of the AIDS movement.
