The Global Village has something for everyone!

June 20, 2024 By [International AIDS Society](#)

We're excited to share the programme for the Global Village at AIDS 2024, [the 25th International AIDS Conference](#)! AIDS 2024 takes place in Munich, Germany, and virtually from 22 to 26 July. The Global Village, with free entry, opens its doors on Sunday, 21 July, welcoming the public and conference delegates.

The Global Village is a diverse and vibrant space where communities from all over the world connect, share and learn from each other. Here, communities demonstrate the application of science and good leadership. Delegates and the public in Munich are invited to see how science translates into community action.
